Butler, sniffled here, recently, we are informed that he paid cts to the editor of this paper. We regret that we not here to enjoy it. We remember that when w ere a little case, a long time ago, that an old horse, wor it in a mud mill, had been turned loose on the common t die. One day he anddenly, without apparent provocation, commenced kicking up his heels, enorting, and making oth-er immodest noises, at a terrific rate. We thought it the funniest scene we had ever witnessed, and laughed consumedly. We imagine that the performance of Pardee must have been like unto that of the old horse, and it would have

R. W. STRATTON.

"Though last not least," is an adage so true as it is old, and its truth is again consuplified by the completion of the New Line to the East, via Cruston and Butlington, which, though the last, may be called the hast reads in the West.

The Line consists of the Kannas City, Saint Joseph and Council Blaffs R. R., with two daily trubus from Kannas City, through Leavenworth, Atchieus and St. Joseph, to the Minsouri State Line, there connecting with the Burlington Route, which leads direct to Chicago, Cincinnati, Indianapolis, Legamport and Columbus—through cars are being run to all these points.

This Line is well built, theroughly equipped with every modern improvement, including Pullman's Sleeping and Dining Cars, and nowhere else can the passenger so completely depend on a speedy, ande and confortable journey.

The Burlington Route has admirably answered the query, "How to go East," by the publication of an interesting and truthful document, containing a valuable and correct Map, which can be obtained free of charge, by addressing General Passenger Agent R. & M. R. R. B. Burlington, Iowa.

A Sure Way to Make Money.

In the buying of goods, most people who wish to prosper, study economy in their purchases; and it is a truth, that the item of Boots and Shoes is no small one, in the families the item of Boots and Shoes is no small one, in the families of both rich and poor. To reduce the expense of that item, it becomes necessary to buy where the best and greatest quantity of goods can be found, for the least money; and that place is at an exclusively Boot and Shoe store.

C. G. Bridges, of Troy, keeps the only Boot and Shoe store in the city, and has an excellent variety of all goods in that line. He has them fine, and also common, but always recommends good goods. He proposes keeping the largest stock in Northern Kansas, and selling them to cash superv so low that they can snotain him in trade, and buy cheaper than at St. Joseph or Atchison. It will pay farmers of the whole County to inquire of their families, in relation to the number of pairs of boots and shoes, the anses and numbers, and give Mr. B. a call. Liberal discount will be made on large bills, and cash buyers. Recollect this article, and when you come to Troy, inquire for the Boot and Shoe store of C. O. Bridges, which you will find near south west carper of Public Square, me door north of Shepherd's Drug Store, Sign of the Big Holl Boot.

Interesting to Formers.

The citizens of the County, who prepens planting orchards, will find it to their advantage to give their patronage to E. Suyder, of the Prairie Nurseries, at Highland, who keeps perhaps, the largest stock in the State, and can furnish them at as low rates as the same chase of trees can be purchased at from any of the leading Nurseries of the country. Mr. S. has had a long experience in the business, in this County, and has a thorough knowledge of all the varieties adapted to this climate. Parties who deal with him, may be assured that all orders will be filled with the variety wanted. He keeps everything to be found in a first-class Nursery, and solicits the patronage of the public. aration, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected prepara-tion for restoring GRAY OR FADER HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic proper-ties, prevents the hair from falling out, as it stimulates and nourisher the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applica-tions, and gives the hair a splendid, glossy appearance. A. A.
